ORDER NO. 2015-17

The Northern District of Ohio is converting to a new Criminal Justice Act voucher processing system known as eVoucher.

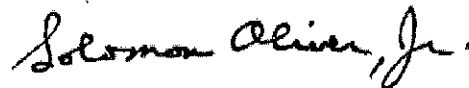

CJA appointed counsel who have since withdrawn from a case are requested to submit an interim CJA 20 paper voucher for payment of fees and reimbursement of allowable expenses, if they have not already done so, by December 1, 2015 in order to facilitate the conversion and expedite the processing of payments.

While submitting an interim voucher is not required, doing so will result in expedited payment and will assist the Clerk's Office conversion to the new system.

The Clerk's Office is hereby authorized to release held funds on interim payments where 20% is being withheld until the conclusion of the case.

IT IS SO ORDERED.
